

RiskSolutionsIQ

- SEGMENT I Commercial Property
- SEGMENT II CGL / Products
- SEGMENT III Workers Comp
- SEGMENT IV Final Case Presentation

Risk Solutions IQ™ is a comprehensive and interactive learning experience for P&C professionals to develop participants' risk assessment and coverage knowledge with practical, skill-based learning.

RSIQ™'s advanced 'Virtual Learning' instructional design delivers superior knowledge transfer and retention on Commercial Property, Commercial General Liability and Workers Compensation. The program includes short videos, fully-narrated online courses, expert readings, realistic case studies and interactive 'live learning' web-sessions.

Upon completion of the 10-week program, participant will have acquired and practiced new skills to assess risk hazards, exposures and coverage gaps as part of a new client acquisition or existing account management process.

RSIQ™ incorporates multi-dimensional independent study with four (4) New Level Partners' expert 'live learning' web-sessions, expanding the case study work and providing extensive question-and-answer opportunities.

RSIQ™ learning outcomes are maximized when participants' managers/mentors are engaged in the learning sequence to answer questions and reinforce the program's objectives. New Level Partners' support team provides all user-support, including assignment overviews, 'help' support for Virtual Classroom access and individual follow-up to ensure all program elements are completed.
